PROJECTS

Portfolio

[Demo](#) [Code](#)

- A portfolio includes responsive design, and a personalized look inside my web development path.
- It showcases my skills and desire for making appealing web experiences.

E-Store

[Demo](#) [Code](#)

- E-commerce platform built with React.js, presenting a user-friendly interface for online shopping.
- Utilized Chakra UI to create responsive, accessible, and performant user interfaces.
- Redux was used as a database to hold user account information, wishlist items, and cart contents.
- Each account has its own data.
